

G-III-A-060
Monell Friend House
Hoyes
Private

1901

This house is a two-story, gable-roofed dwelling based on the ell plan. The facade was probably originally on the W elevation of the main block, but has been reoriented to the N elevation of a one-story, shed-roofed addition which fills the ell on the E & N elevations.

DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

The Montell Friend House is located on a private drive approximately .6 miles NW of Friendsville-Hoyes Road. The site is wooded but is surrounded by fields. The site includes the house and a modern barn.

The house is a two-story, gable-roofed dwelling based on the ell plan. The facade was probably originally on the W elevation of the main block, but has been obscured by a one-story, gable-roofed addition which covers the entire elevation. The entrance has been reoriented to the N elevation of a one-story, shed-roofed addition which fills the ell on the E and N elevations. The main block measures two bays on the W by two bays on the S gable end by one bay on the N gable end; the ell measures one bay by one bay.

The house rests on a low coursed cut stone foundation and is covered with brick-patterned asphalt siding. The gable addition on the W elevation is covered with white aluminum siding. Most windows are two over two sash with plain board surrounds. Some windows have been replaced with modern sash and the W elevation of the gable-roofed addition contains a sliding glass door.

The roof is covered with asphalt shingle. The house has two brick chimneys: one exterior on the N elevation of the main block, and one interior in the ell where it joins the main block.

The interior is unknown.

BUILDER/ARCHITECT

STATEMENT OF SIGNIFICANCE

This house is an example of a common western Maryland type. Houses of this general configuration, a rectangular main block and rear kitchen wing, were constructed in Garrett County from the late nineteenth through the early twentieth centuries.
